## Gas Struck at the Britain Agrees Russia- Asylum Poland Armistice

Pressure of 625 Lbs. at Depth of  
2,600 Feet

Natural gas has been struck in  
the well being bored by the pro-  
vincial department of public works  
on the Asylum grounds. Drilling  
operations have been going on for  
some time past, and what looks  
like a real strike was made at the  
end of the week after reaching a  
depth of 2500 feet.

A pressure of 625 pounds was  
registered at the well on Sunday  
and the prospects for a good flow  
were considered hopeful. The  
hole has been capped, and the  
work of connecting up with the  
power house of the asylum plant is  
now under way.

This is not the first time that gas  
has been found at Ponoka, but  
previous strikes have proved to be  
only pockets that were soon ex-  
hausted. The pressure is higher  
now than on any of the previous  
occasions, however, and the hole  
appears to be entirely dry. Both  
these conditions are looked upon  
as favorable to the strike proving  
out satisfactorily, and a thorough  
test will be made to see how the  
supply holds out.

### INTERESTING SERVICE AT BAPTIST CHURCH

To a large audience in the Bap-  
tist Church, whose interest was  
held to the last moment, Captain  
McCaughy and Mrs. Linton bro-  
ught their messages on Sunday  
evening.

The Captain based his address  
on the 2nd chapter of The Song  
of Solomon, 1st to 4th verses, and  
from them built up a refreshing  
and inspiring message. The domi-  
nant note of his address was the  
last clause of his text, "And His  
Banner Over Me Was Love."

Mrs. Linton, who spoke on her  
work among the Indians of Bolivia  
and the Argentine, delivered her  
message in a quiet persuasive voice.  
The power of her address gripped  
and held the audience. At times  
smiles were in evidence, but more  
often it was difficult to keep back  
the tears as she related the sorrow-  
ful and harrowing incidents which  
she called to face in the follow-  
ing out of her great work.

The keynote of her address was the  
awful superstition in which the  
people are held, which has been  
shown around them by that eccle-  
siastical power which for so long  
has held these people as her slaves.  
Her concluding thought was the  
crying need of these countries for  
men and women to carry to them  
that message which makes men  
free indeed. The offering which  
the people expressed a desire to  
give, amounting to \$14.00, was  
handed to Mrs. Linton by the  
pastor. Mrs. Linton, in her great  
work for men and for the Master,  
will be followed by the loving  
thoughts and prayers of this people.

### CHURCH NEWS

Baptist Church services for Sun-  
day, August 22.—Concord, Sunday  
school at 2 p.m.; divine service a  
3. Ponoka, 7.30.—The Gleaners of  
Domestics. Good singing. Plain  
speaking. The homelike church  
invites you. You will only be a  
stranger once with us.

United Church choir practice on  
Friday at 8 p.m. All members  
urged to be present.

London, Aug. 18.—The House of  
commons tonight, with a division,  
agreed to the motion of Andrew  
Bonar Law, the government leader,  
adjourning the house until October  
15, but empowering the speaker to  
summon parliament earlier should  
public interest demand it. This  
Mr. Bonar Law's undertaking  
that in event of Russia's armistice  
terms to Poland, being materially  
altered, the government would take  
no action without consulting par-  
liament, meets the opposition's  
objections that the country should  
not be committed to any interven-  
tion against Russia without the  
consent of parliament.

Mr. Bonar Law confirmed that  
the armistice terms to Poland, as  
announced by Russia, had the ap-  
proval of Great Britain and Italy  
and said that if they were strictly  
adhered to, Great Britain would  
not interfere between Poland and  
Russia.

### Glen Fallow & Vicinity

Our weather of late has been  
quite dry and fine for haying.

Fred Oar had a well drilled  
recently, and struck a flowing well  
at 105 feet, with a run of 250 gal.  
per hour.

Mr. and Mrs. Arthur Johnson  
were supper guests at the R. L.  
Fleming home last Sunday even-  
ing.

Mr. and Mrs. Joe Bröckel and  
Elsie have returned from Washing-  
ton. No doubt Alberta looks good  
on their return.

Otto Rennie is busy haying on  
his C.P.R. land.

Mr. Tervenson has been quite  
poorly of late. Report says his  
heart is bothering her.

### The Immoral Shimmy

Belmont, Mass., Aug. 16.—"In  
Winnipeg one cannot tell on a Sun-  
day whether the crowds, with their  
singing blouses and covered sto-  
ries are going to church, to a com-  
mune, or a midnight ball," declared  
V. J. Buttery, general secretary of  
the Manitoba Social Hygiene  
association, speaking here. He  
strongly denounced the present day  
fashions and the modern dances.

"Modern dancing is not only  
robber of teen-agers boys and  
girls of their morals to a great ex-  
tent, but is undermining their  
health in other ways," he said.  
"I tell you frankly that they who  
dance the 'Shimmy' or allow it to  
be danced, or who approve of this  
style of dancing, have lost a great  
deal of their sense of decency, and  
I think that the fox trot is not far  
behind the 'Shimmy' in its effect  
on morals."

## Local News.

Mrs. J. J. Beck returned last week from a trip to Toronto.

Mrs. A. P. Veilleux is spending a week's vacation with her parents at Water Glen.

Mr. and Mrs. Whitecotton and Mrs. McCorkell motored to Edmonton on Monday.

Miss Sara Gray, of Edmonton, is spending a few days in town with Miss Nellie Gordon.

T. J. Durkin and W. Glauser have returned from their sojourn at Banff and other points in the mountains.

Mrs. M. Turner has purchased the E. R. Vasek quarter in the Stateide district. This gives Mrs. Turner a splendid farm of half a section.

Elmer Reap and family, of Shelby, Nebraska, are visiting with relatives—Luz Bros. and Walter Huddleston.

R. A. Bullock has sold his farm, 8 miles west of Ponoka, and intends holding a sale on Thursday, Aug. 20th. Further particulars next week and in posters.

With a continuance of the dry weather, the hay is being secured in splendid condition, and the crop is very good on the average. The general harvest has commenced, and by another week will be general throughout the district.

Geo. Oliver Willard requests the young ladies who desire to meet him with a view to matrimony, to be in town Monday. He will be on Railway Street from 12 to 3. Mr. Willard will wear a brown felt hat, dark grey coat and trousers; is 5 ft. 8 in. and weighs 150 lbs. in his socks. This is fair warning and the last chance.

The popular rendezvous for Ponoka picnickers Sunday appeared to be Pigeon Lake. The company numbered about seventy-five, and had a great outing. A trip to this lake is a very pleasing one. Good roads on the whole, while the scenery on the way is fine, and the lake is a magnificent body of water. The lake is 36 miles north-west of Ponoka.

Particulars of the stampede prize-list can be seen in this issue or in dodgers. The list shows that there will be a very interesting afternoon on the fair grounds on Saturday afternoon, the 28th.

School opens on Monday with a complete new staff of teachers. This is rather regrettable, but the trustees are not to blame. There is a spirit of unrest abroad, and the teachers are no exception to the rule. Besides, the demand is greater than the supply, and this is creating a good deal of independence. With a new staff it is to be hoped that both trustees and teachers will work together for the school's benefit.

STUEY.—On Monday, August 16, to Mr. and Mrs. O. W. Stuey, of the Dakota settlement, a daughter.

J. B. Erven has purchased the Jas. Dick residence in the north end of town.

Miss Florence Millar of Dias more, is visiting with her sister, Mrs. J. B. Erven.

The stampede on Saturday, Aug. 28, Be sure and swell the multitude.

Mrs. J. W. King and two children, of Timmins, Ontario, arrived last week on a visit to her parents, Mr. and Mrs. W. H. Mullins.

Berry picking is claiming attention at present, but the crop is scarcely up to the average, due to the dry weather.

The trail from the railway crossing to the north bridge has been graded up in fine shape, and there should be little danger from floods again.

Special attraction in the Empress Theatre, August 28 (Stampede night).

Mrs. F. E. Drummond returned Saturday from a four weeks' visit to Spokane, Wash.

Do not forget the big prohibition meeting in the Union Church on Sunday, at 9 p.m. Speaker, Rev. Mr. Barr, of Lacombe. Everybody welcome.

Everybody is saying "Buy your winter's coal now." The Herald wishes to be in fashion, so it urges, fill your coal bin, soon. Before many weeks the great crop will demand every available car, engine and train crew. How then shall we ship in coal? Besides, judging the future by the past, about the time you will be shouting, "Coal, coal, or I perish!" Mine and railway men may be shouting, "More money, or I strike." You can get coal now.

There will be a mass meeting, under the auspices of the local churches, in the Union Church on Sunday, August 22nd, commencing at 9 p.m. An address will be given by Rev. Mr. Barr, of Lacombe, on "The coming referendum on the importation of liquor." All interested in the vital issue of prohibition are urged to be present.

Union Church, Sunday, August 22.—Rev. Mr. Barr, minister of the Presbyterian church, Lacombe, will preach at both services, 11 a.m. and 7.30 p.m. You are heartily invited to attend.

Do not neglect your eyes. See M. Mecklenburg, the old reliable, long experienced and well established eye sight specialist about them. At Royal Hotel, Ponoka, on Friday, Sept. 2nd.

# Boishevik Forces Rapidly Closing In On Warsaw

Paris.—Closing in upon Warsaw from the northeast and south the Boishevik forces are within 20 miles of the capital and little doubt is felt here but that they will be in the city before the peace negotiations are finished. The Polish army positions along the Vistula, Narew and Bug rivers in a country offering few natural advantages for defence.

The advance is being relentlessly pushed towards Warsaw by the Reds. The Reds, according to the latest news reaching Paris, had passed Pulask and were marching southwards on the capital down the valley of the Vistula. Another column was advancing between the Narew and the Bug, while south of the Bug, the enemy had reached the city of Lublin, the main railway station of the country, running from Thiers through Pilsa, Dobro, Kuty, Tarnobrzeg, 20 miles from Warsaw.

The Red army on the Prussian frontier has made another bound and is about 40 miles from Warsaw; in other words, the Reds are advancing all along the line, except in the extreme south. Citizens of Warsaw to the number of 100,000 have pledged themselves to defend the capital to the last breath. But it is not so much that such an unorganized effort cannot seriously affect the fate of the city. This, however, is the view of the Polish government, which is reported to be considering moving to Poznan if it is satisfied there is no chance of the Soviet forces ending hostilities at an early date.

## Soviet Smuggle Jewels

Royal Russian Jewels Sent to Agents in U. S.

Washington.—More than 1,800 diamonds, supposed to have been a part of the famous jewels of the Russian royal family and addressed to Comrade Matreux, have been intercepted by customs officials while en route from Soviet Russia to the United States, according to evidence introduced at the department proceedings against Landis C. K. Matreux, the self-styled Soviet ambassador in this country.

Details of a regularly scheduled courier service, between Soviet agents in Sweden with Soviet representatives in New York, by which large quantities of jewels have been transported for as much as \$100,000, have been introduced in the testimony by the government. It has been known at the department of justice.

## Imperial Wireless

Empire Chain of Wireless Stations in Government Plan

Ottawa.—An Empire chain of wireless stations, free from private monopoly and positive interference, is the idea held out by the imperial wireless telegraph committee of the British parliament headed by Sir Henry Norman, according to the changes just received from the Old Country. The report of the committee states that by the adoption of a plan it will forward, a series of connecting stations can be established and maintained at an initial annual cost of not more than \$100,000. This, the report goes on to state, will secure a system which is in its financial and commercial potentiality.

## Fruit Weight Law

Vegetables or Fruit Coming From U. S. Must Be Marked

Ottawa.—Packages of fruits and vegetables from Canada to the U. S. must be marked net weight. Such is the information conveyed in a note received by the fruit commission, branch of the department of agriculture. Hitherto some doubt has existed in the minds of growers if such a condition which was imposed by a recent amendment to the Food and Drugs Act would be insisted upon. Pending a determination, however, of whether the quantity of the contents must be marked on each open container, it is suggested that open containers be marked with net weight, as the law will be taken by the department if the containers are not marked.

## Industrial Army in Palestine

Jerusalem.—Ten thousand volunteers from veterans of the Jewish Legion and Jewish workmen, to enlist at once for six months' service in a Jewish industrial army in Palestine, are necessary for the basic reconstruction work of the Jewish national homeland, according to Bernard A. Rosenblatt, the president of the American Zion commission.

## Delegation Stopped by Reds

Warsaw.—The Polish peace mission is said to be as yet held back by Warsaw. Reports received here indicate that the delegation was passing through the towns and villages and were stopped by Boishevik forces.

## Did Not Count on U.S.

American Troops Were Factor in Bringing About Armistice, However

Toronto.—We had planned to go through the war without the United States and could have done it," declared Robert Donald, formerly editor of the London Chronicle, in the course of an address before members of the Empire club here.

"America, at the time of the armistice," said Mr. Donald, "had a strength of 322,000 in France, though 2,000,000 were overseas, most of them brought in British ships. They were not in any fighting force, but in three months they would have been, and it was their presence that was a determining factor in bringing about the armistice."

## Bolsheviks Use Russian Generals

Officers of Ex-Imperial Army Serve

Moscow.—A large number of generals of the ex-imperial Russian army are serving with the Bolsheviks, in contrast to General Brusiloff, who is in command of a Red army, Karpovich, the generalissimo in the Russo-Japanese war, has, at the age of 70, become a clerk on the staff of General Parley, who is entrusted with the defence of Moscow, and General Ledebef, who was condemned to death, holds an important position on the staff.

## Lake Captains Lose Licenses

Did Not Assist Sinking Steamer When Fished Were Drowned

Marquette, Mich.—The licenses of Captains Lawrence J. Francis, of the steamer H. P. McIntosh, and Kenneth McLean, of the steamer H. P. McIntosh, both from Cleveland, Ohio, have been revoked by Steamboat Inspectors Gooding and Hanson on the ground that the two were guilty of neglect, misconduct and inattention to duty in the sinking of the steamer Myron, on Whitefish Point, November 21, 1919. It is charged that it is the first instance of the kind in the history of Great Lakes navigation.

Failing to assist in the sinking of the steamer, which was carrying 15 persons, who perished, was the chief charge against Francis and McLean.

## Gain in Wheat Crop

Substantial Increase in Canada's 1920

Ottawa.—Canada's 1920 wheat crop is now estimated by officials of the agricultural department at 262,338,000 bushels, as compared with the final estimate of 193,040,000 bushels last September. The increase is due to a gain of 40,686,000 bushels, as compared with 24,387,000 bushels in 1919. Barley also shows a substantial increase, the figure being 63,858,000 bushels, as against 56,380,000 bushels last year.

These preliminary estimates are based on the actual condition of the crops on July 1. Daily reports to the department have been such that no appreciable change in the estimates is expected.

## Missing Soldier is Located

Was Held by the Enemy Yet Officially Claimed "Deserted"

Vancouver, B. C.—Missing since November 1917, reported as dead by his wife and family, and claimed by the militia department at Ottawa as a "deserter" from the 47th Canadian Pte. J. W. Cooke, of this city, has been found by the British army in Thun, Germany, England, stating that he had been two years in Germany, and was in an English nursing home recovering from the effects of German imprisonment. While in Germany he had lost all trace of his family.

Mrs. Cooke was notified in May, 1918, that her husband was "deserted" but it would appear that Cooke had been a prisoner of war in Germany.

## Theatre Combine is Doubtful

Ottawa.—The cable from Montreal giving the authority of George F. Driscoll, vice-president of the Trans-Canada Theatres, Ltd., for the assertion that an amalgamation of the theatres is projected, involving the control of over six hundred theatres, has been received here with incredulity. None of the theatre proprietors have any knowledge of such a matter.

## Men Resume Work

Sydney, N.S.—After a strike that has lasted for seven weeks, the North Sydney longshoremen have effected an agreement with the Red, Newfoundland company, and will resume work at once. The men accepted an offer of fifty cents an hour for day work and sixty cents an hour for night work. This is a general increase of ten cents per hour.

## Reported Finding Of Small's Body

Estate Committee Making Effort to Test Reliability of Report

Toronto.—The Toronto Telegram prints the following: "The body of Ambrose J. Small has been discovered and identified in the morgue at Paris by Mr. Louis P. Verande, a French impresario, who had been introduced to Small in Toronto by Mr. Edwards of the Trans-Canada Theatre."

This information is contained in a letter to a New York man and by him conveyed to the Montreal La Presse.

"At a late hour today the committee in charge of the Small estate here had had no word of the discovery," Detective Mitchell said. "Mr. Small was communicated with as soon as possible and will use every available means to test the reliability of the report."

## Ponzi Case Develops

Surrenders to Federal Authorities, But Released On Bail

Boston.—Some forty thousand investors entrusted a total, variously estimated at from \$150,000 to \$200,000 to Charles Ponzi in a money-making scheme which United States postal authorities declared to be absolutely fraudulent. Ponzi, a native of Italy, surrendered to the federal authorities, explaining that he was unable to meet his obligations because of the failure of the Ponzi-Hanover Trust Company, where the bulk of his funds were deposited. He was arrested charged with having used the money to defraud, and held in bonds of \$25,000 for a hearing Aug. 19. Morris Rudolph, a native of Italy, who was charged with Ponzi, was released on bail of \$25,000.

## Alberta Bandit Captured

Basoff, the Bandit Murderer, is Taken to Pincher Creek

Calgary, Alta.—The Alberta reports the capture of Basoff, the bandit, as follows: "Basoff, the bandit murderer, was taken to earth close to Pincher Creek in a shack near the railway tracks, was arrested, and gave himself up. No shots were fired.

"His capture was due to the wide-awake engineer of a pusher engine running from Pincher to Burns, who at 10:15 this evening noticed a man on the tracks, revealed by the brilliant rays of a powerful headlight, several hundred yards away. The engineer immediately notified the police and a posse set off down the track, locating Basoff alone in a broken-down shack. Examination of his pockets made him give himself up without trouble."

## News of the Provinces

MANITOBA

Winnipeg.—Manitoba farmers will present evidence before the tariff commission which met here on September 17, that the tariff on wheat is too high. The tariff is now 10 cents per bushel, and the farmers want it reduced to 8 cents. The tariff is now 10 cents per bushel, and the farmers want it reduced to 8 cents.

## Winnipeg—Office Workers of Winnipeg

are soon to be organized into a strong union, for the first time according to C. E. Weller, of the city, who is chairman of the organizing committee of the Office Workers' Guild.

## Regina—Red net is reported to be

damaging the crops in North Portal neighborhood, while grasshoppers are also said to have injured wheat grain.

commenced action against defaulters and more than 200 writs have been served in Saskatchewan. Twenty days are given in which to file a defence.

## ALBERTA

Calgary.—An automobile trip to Banff will be tendered the Imperial Press delegates on the occasion of their visit to Calgary, August 17. The trip to Banff will occupy two days.

## Calgary.—According to the government

figures, the loss of the harvest this year will be required for the year's harvest. Of this number, it is expected that 2,500 will be brought in from British Columbia.

Calgary.—One of the amenities of war was the flammability of gas, which was the cause of the loss of the public works department in organizing a fire in exterminating the war gas. The loss of the war gas was estimated at \$25,000.

## BRITISH COLUMBIA

Vancouver.—Fire of an unknown origin partially gutted the Royal Canadian Mounted Police barracks last night. The damage is estimated at \$25,000.

## One-Armed Men Do Efficient Work

Carriage Manufacturer Has Three Hands in His Factory

Winnipeg.—England's greatest employer of one-armed men was a recent visitor to Winnipeg. He is W. D. Dunsbury, of London, manufacturer of carriages, and is on a preliminary survey of land and social conditions with a view of bringing poor from the slums of London to Canadian farms.

Since the armistice Mr. Dunsbury has employed one but one-armed man on an average, and during the war he had three hundred of them in his factory and has found that these crippled soldiers, properly trained, can do almost the work of a man with two hands.

## Bread Prices Still Mountainous

Cost Throughout Canada Averages 8 3-5 cents per Pound

Ottawa.—The price of bread in Canada, taking the whole Dominion on an average, is still mounting to the extent of half a cent per 24-ounce loaf. Flour increased in cost 65 cents a barrel, equivalent to one quarter of a cent per pound or about two-fifths of a cent per 24-ounce loaf. The total average cost of bread throughout the Dominion was eight and one-fifth cents per pound, equivalent to twelve and nine-tenths cents per six pence, and a half loaf. ## Watch Action of Japan

Australia Likely to Send Delegates To League Conference

London.—The Daily Telegraph's Sydney correspondent writes that the government is considering the advisability of sending a special delegation to the League of Nations Conference at Geneva. The position is regarded as important, considering the delay in issuing the mandate for the settlement near Swift Current is showing a considerable improvement in the financial situation of the province, but the cost of the mandate is much higher than last year.

This change is not the result of any change of heart on the part of the government, but comes with the stern measures adopted by the government to compel the Memmories to improve the education law of the province.

## Poland Will Ask Aid From United States

Polish Minister Will Take U. S. At Its Word and Expect Assistance

Washington.—Poland will ask immediate aid from the United States, it is announced by Prince Lubomirski, the Polish minister, more than that it will seek to develop precisely what the United States Government meant by the announcement in its note to the Italian government that it would employ all available means to maintain a free Poland.

Expressing complete satisfaction with the note, the minister declared he was convinced that it would inspire Poland with "a new spirit of hope." He added that his country was sorely in need of war materials of all kinds and that it probably would first seek credit from the United States government.

## Many Divorces Applied For

Notice is Given of Seventeen New Applications

Ottawa.—The divorce crop is not diminishing. Although it is only a matter of a few days before the summer ended and five months before the next one will convene, notice has been given already of seventeen new divorces. The first of these was given by the court on August 1, and a dozen "hangovers" from last session. If this rate is kept up the accumulation by winter will surpass that of last session, which was a record, doubling any previous year. The situation will bring up anew the question of the winter court, which is a matter of some importance.

# British Labor Is Opposed to Giving Help to Poland

POLES MAKING DESPERATE STAND AGAINST THE REDS

Paris.—The situation at Warsaw continues most critical. The Russian plan of campaign is proving most effective. It consists of delivering successive blows at different points along the front line which tend to disorganize the Polish defense, compelling the Polish staff to rush reserves to widely separated points.

The Red northern forces have been heavily reinforced and pushed to within thirty miles of the capital. The Poles are making a desperate stand in the defense, lately this morning Pulask, and although badly equipped, half trained and not too well supplied with ammunition, they are holding their own, according to the latest news reaching Paris. But the battle is swaying to and fro and the issue still is in the balance.

## British Labor Is Opposed to Giving Help to Poland

London.—The opposition of British Labor to assistance in the war against Soviet Russia was voiced with extraordinary vehemence at a special conference here representing all the elements of the workers.

The resolution adopted "ailed with satisfaction the Russian government's declaration in favor of the complete independence of Poland," and pledged the British Labor party to resist any form of military intervention against Soviet Russia.

The motion regarding the action of the triple alliance of Labor organizations in forming a council of action to deal with the situation arising from the government policy toward the war between Russia and Poland, and it recommended the levy of a penny upon every member of the party to raise a fund for the requirements of the council.

The adoption of the resolution was once was ratified by the delegates at the invitation of William C. Adamson, chairman of the Labor party in the house of commons, who presided over the meeting.

He asked them to observe "the solemnity of standing" for a minute and the delegates unanimously complied with his request.

James H. Thomas, secretary of the National Union of Railwaymen, one of the principal speakers at the meeting said, if circumstances demanded it would be for the whole Labor movement to decide upon direct action.

Disparate and dangerous as it is our method," he continued, "we believe that the disease is so dangerous and the situation so desperate that it is only desperate and dangerous methods that can prevent calamity.

"The resolutions do not mean it is to be a mere strike or simple 'down tools' policy. If they are to be effective they mean a challenge to the whole constitution of this country.

### Buckhorn

Mr. and Mrs. C. J. Eley and friends motored to Rimby last Sunday, passing through Monte Vista and Springdale. The crops are looking extra good, although there is a great need of rain.

Our Crystal Spring Sunday school was very well attended. The Rev. It's good to hear how the young people can take their part in the singing, and in the prayer. We are sure that the boys to sing and to do a show, the girls to do a New Year's concert and a show. We are sure that the boys to sing and to do a show, the girls to do a New Year's concert and a show.

At a play, Mr. Rowe and Mrs. Rowe were the first to arrive. The play was a success and the audience was very large.

Mr. and Mrs. C. J. Eley and friends motored to Rimby last Sunday, passing through Monte Vista and Springdale. The crops are looking extra good, although there is a great need of rain.

A state of thoroughbred Berkshires just arrived at Rimby the other day from the Wm. Chapman farm, Brandon, Manitoba, for E. H. Rowe to start a small ranch along with this good material.

It is a regrettable to report that E. H. Rowe dislocated his knee while chasing some unruly pigs. It is hoped that he will soon be around again.

We are glad to welcome Mr. Moseley to our midst. He is spending his vacation on the farm.

Mr. and Mrs. A. L. Moore from Montebello, motored to Mr. and Mrs. Geo. S. Twist's last Sunday, paying their old homestead a visit. Henry Twist was also of the party. A very enjoyable day was spent.

The Crystal Spring Sunday school begins its term "All work and no play makes Jack a dull boy," so they are going to liven things up a little by having a lawn social at the home of Mr. and Mrs. E. H. Rowe, two miles west of Buckhorn, on Saturday, August 21st, at 7:30 p.m., and the programme for the evening is as follows—Gym games, ball driving contest (bales), pig race, wheel barrow race, tug-of-war (married men & single), Musical programme, Ice cream and cake. Come, Mr. Farmer, and bring that little wife of yours and add a little extra pleasure to her life for one evening. All are cordially invited. A ten cent collection will be taken for Sunday school.

## Imperial Polarine Available Everywhere

WHEREVER you tour, throughout the length and breadth of Canada, you can secure the grade of Imperial Polarine you now use for lubrication—exactly the same uniform grades are sold by dealers everywhere from Halifax to Vancouver.

Imperial Polarine reduces your greatest expense—depreciation, yet costs less than storage, tires, repairs or gasoline. It reduces friction to a minimum, maintains a piston-tight seal under heaviest engine heat, helps the engine extract the last ounce of power out of gasoline.

Imperial Polarine holds its body, maintains compression—keeps the motor running smoothly and quietly. The Imperial Chart of Recommendations shows the grade recommended for your car. Ask to see it when you stop for oil.

Imperial Polarine is sold by good dealers everywhere in sealed one-gallon and four-gallon cans, half-barrels and barrels, also in 12½-gallon steel kegs, the handy size for the home garage. Buy the larger sizes to save money.

### PONOKA DRAWS WITH RED DEER; LOSSES TO INNISFAIR

Lacombe Was Beat 7 to 1

On Tuesday evening Lacombe suffered defeat in a six innings game at the hands of Ponoka, the score being 7 to 1. Play was somewhat interfered with on account of rain. M. McLean and Willard were the batteries for Ponoka.

On Monday night Ponoka went to Red Deer and played a tie game—2-2. A good brand of ball was played, and excellent support was given Ponoka by the Ponoka boys. Smith pitched a good game for Red Deer, and very little hitting was done on either side. Red Deer led in the eighth inning, and the ninth had the chance of winning the game with two men on base and none out. It was then up to Ponoka to save themselves. With nice field work and a brilliant play by Mackay, and Decker putting them over, they retired the side. Ponoka was umpire, and gave one or two very doubtful decisions.

Thursday last Ponoka played at Innisfail and met defeat by 4 to 1. A good game of ball was played, both sides being in good form. Innisfail scored a goal in the third inning, and by a wild throw from first to third, they managed to score another. They were out all through, and front of the Innisfailers, pitched a great game for Innisfail. In the seventh inning, with two men on base, Ponoka, who led the ball for a time, while Ponoka, in the eighth had the Innisfailers, scoring out a new one in the ninth, scoring two more. Decker pitched a good game for Ponoka.

On Friday, Red Deer beat Lacombe by a score of 1 to 1. The game on August 16, between Lacombe and Red Deer, was also a win for Red Deer—3-2. The schedule shows:

### FATS BEAT THE LEANS

On Friday night a benefit game of baseball was played on the Ponoka diamond between the Fats and Leans. A large number of spectators were present and enjoyed to see Dave's nine put it over the "skinners". Several innings were played, at the end of which the score stood 10 to 9 in favour of the Fats.

### Do You Like Short Stories?

THEY ARE BY CHARLES E. VAN LOAN

AND BEGIN

### NEXT SATURDAY

Van Loan's stories are full of the Romance of the Possible. They all could happen in real life—many of them did. They are not bizarre tales of impossible happenings. The man who sat next to you in the street car this morning may be the hero of one of them. Like O'Herry, Van Loan sees the Comedies and Tragedies of the Average Millions.
